

English

Chinese

**Main Idea**

Animals have traits that help them live in their environments.

**主題思想**

動物的適應能力可以幫助牠們在環境中生存。

Animal traits can be color, body parts, or ways of acting.

動物特徵包括顏色、身體部位或行動方式。

A **population** is a group of the same kind of animal that lives near each other.

**群落**是指一群比鄰而居的同類動物。

Animals in the same population are alike but have some differences.

相同群落中的動物彼此類似，但卻有些不同。
